please note that this edition is now out of print and has been replaced by the 14th edition also available through mylibrary for those determined to conquer a real or virtual law library here s the book to check out comprehensive and user friendly it explains how to understand and use all the basic tools of legal research and practice legal encyclopedias case digests shepard s citations and treatises decode statutes regulations and cases organize research results into a memorandum of law practice with review questions library exercises and hypothetical research problems

texas and federal pharmacy and drug law rules and regulations governing the practice of pharmacy

in addition to the 13th edition the authors now offer an abridged version continuing the tradition that has made morgan rotunda and dzienkowski s problems materials on professional responsibility a leader in its field this abridged version of the casebook uses problems to provide an overview of lawyers professional responsibility this condensed edition covers these topics in an abbreviated format the abridged coursebook is based on the 13th edition of problems materials on professional responsibility which has been the most widely used professional responsibility coursebook and the leader in its field since its first edition in 1976 over 40 years ago it is designed for 2 hour classes and for seminars in legal ethics as the law has evolved so has the 13th edition yet some schools and professors would like to offer a shorter course than the 13th edition anticipates this abridged edition fits the bill the authors have carefully designed it to be familiar to long time users and accessible to new adopters it focuses on the

major issues of law governing the practice of law and the law of judicial disqualification while shortening the volume of material and focusing on only the most essential topics it continues its tradition of offering the most usable and up to date course materials to teach legal ethics and the law governing the practice of law students using this book will learn what they need to pass the state bar exam on professional responsibility yet also be introduced to the larger topics that the 13th edition covers more thoroughly

the rome ii regulation on the law applicable to non contractual obligations introduces a single choice of law regime for tort and other non contractual obligations the regulation has huge implications for international litigation relating to traffic accidents product liability environmental damage and infringement of intellectual property rights for example this book contains analysis of the regulation by 15 experts from europe and north america it examines the core concepts and assesses the likely impact of the regulation on claims for tort and unjust enrichment it is an indispensable guide to the regulation for legal practitioners academics and students

this book is a compilation and commentary of selected laws and regulations pertaining to the general practice of pharmacy in the united states it is designed to be of assistance to practicing pharmacists those seeking licensure by reciprocity and other interested healthcare professionals

vols 65 96 include central law journal s international law list

a little book that is big on information the architect s legal pocket book is the definitive reference guide on legal issues for architects and architectural students this handy pocket guide covers key legal principles which will help you to quickly understand the law and where to go for further information now in its fourth edition this bestselling book has been fully updated throughout to provide you with the most current information available subjects include contract administration building legislation planning listed buildings contract law

negligence liability and dispute resolution this edition also contains new cases and legislation building safety contracts inspection duties practical completion and practical issues facing architects illustrated with clear diagrams and featuring key cases this is a comprehensive guide to current law for architects and an invaluable source of information it is a book no architect should be without
